Details regarding admission to the meeting and the business that will be conducted are described in the accompanying Notice of Annual General Meeting and Proxy Statement. Rules adopted by the U.S. Securities and Exchange Commission (“SEC”) allow companies to make materials available to security holders using either the “notice and access” or “full set delivery” options. This year, we have elected to mail proxy materials and our Annual Report on Form 10-K for the fiscal year ended March 31, 2019, filed with the SEC on May 29, 2019, as amended on June 14, 2019 (our “Annual Report”), to our shareholders using the “full set delivery” option. However, in the future, we may take advantage of the “notice and access” option.

Whether or not you plan to attend the meeting, your vote is important, and we encourage you to review the proxy materials and vote as soon as possible using the instructions provided in the Notice. All voters may sign, date and mail the proxy card in the envelope provided. If you hold your shares in street name, you may also vote your shares over the Internet or via a toll-free (in the United States) telephone number contained in the voting instructions included with your proxy materials. Thank you for your continued support of Quotient. We look forward to seeing you on October 30, 2019.

Sincerely,

# QUOTIENT LIMITED

## PROXY STATEMENT FOR ANNUAL GENERAL MEETING OF SHAREHOLDERS

The Board of Directors of QUOTIENT LIMITED (“Quotient,” the “Company,” or “we”) is soliciting proxies for use at the 2019 Annual General Meeting of Shareholders to be held on October 30, 2019 (the “Annual Meeting”), and at any adjournment or postponement of the Annual Meeting. A notice of the Annual Meeting will be distributed to shareholders who hold ordinary shares of Quotient as of August 28, 2019, the record date for the Annual Meeting, on or about September 18, 2019. Quotient Limited is a limited liability no par value company incorporated under the laws of Jersey, Channel Islands.

### GENERAL INFORMATION

#### What am I voting on?

You will be voting on the following proposals at our Annual Meeting:

- to re-elect eight directors;
- to re-appoint Ernst & Young LLP as the Company’s auditors, ratify their appointment as independent registered public accounting firm and to authorize the directors to determine the fees to be paid to the auditors; and
- to transact such other business as may properly come before the Annual Meeting.

#### What are the recommendations of the Board?

All shares represented by a properly executed proxy will be voted unless the proxy is revoked and, if a choice is specified, your shares will be voted in accordance with that choice. If no choice is specified but the proxy card is signed, the proxy holders will vote your shares according to the recommendations of the Board, which are included in the discussion of each matter later in this proxy statement. The Board recommends that you vote:

**FOR** the re-election of each of the nominees as directors; and

**FOR** the re-appointment of Ernst & Young LLP as our auditors, ratification as our independent registered public accounting firm and the authorization of the directors to determine the fees to be paid to the auditors;

In addition, the proxy holders may vote in their discretion with respect to any other matter that properly comes before the Annual Meeting.

#### Who is entitled to vote?

For each proposal to be voted on, each shareholder is entitled to one vote for each ordinary share, no par value owned at the close of business on August 28, 2019, the record date for the Annual Meeting. As of the close of business on July 25, 2019, there were 66,230,144 ordinary shares outstanding.

#### How do I vote by proxy in lieu of attending the annual meeting?

If you are a shareholder of record, you may vote by proxy by completing, dating and signing your proxy card and mailing it in the envelope provided. You must sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as officer of a corporation, guardian, executor, trustee or custodian), you must indicate your name and title or capacity.

If you vote via the Internet or by telephone, your vote must be received by 11:59 p.m., Eastern Standard Time, on October 29, 2019. If you vote by Internet or telephone, you should not return your proxy card.

You may also vote in person at the Annual Meeting or you may be represented by another person at the Annual Meeting by executing a proxy designating that person.

## [Table of Contents](#)

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in “street name.” The street name holder will provide you with instructions that you must follow in order to have your shares voted.

If you hold your shares in street name and you wish to vote in person at the Annual Meeting, you must obtain a proxy issued in your name from the street name holder.

### **May I change my mind after submitting a proxy?**

If you are a shareholder of record, you may revoke your proxy before it is exercised by:

- Written notice to Roland Boyd, care of Quotient Limited, 5 James Hamilton Way, Milton Bridge, Penicuik, Midlothian, EH26 0BF, United Kingdom; or
- Voting in person at the Annual Meeting.

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your brokerage firm, bank or other holder of record.

### **What are broker non-votes?**

A broker non-vote occurs when the broker that holds your shares in street name is not entitled to vote on a matter without instruction from you and you do not give any instruction. Unless instructed otherwise by you, brokers will not have discretionary authority to vote on any matter other than Resolution 9, which is considered to be routine for these purposes. It is important that you cast your vote for your shares to be represented on all matters.

### **What is the required vote?**

To be approved, Resolutions 1 to 9 require a simple majority of the votes cast at the Annual Meeting in favor of each Resolution. If a director does not receive a majority of the vote for his or her re-election, then that director will not be re-elected to the Board and the Board may fill the vacancy with a different person, or the Board may reduce the number of directors to eliminate the vacancy. Votes that are withheld with respect to the election of directors and abstentions on the other matters are not counted as votes cast.

### **What will constitute the quorum for the Annual Meeting?**

A quorum will consist of one or more shareholders present in person or by proxy who hold or represent shares of not less than a majority of the total voting rights of all of the shareholders entitled to vote at the Annual Meeting.

### **How can I attend the Annual Meeting?**

If you plan to attend the Annual Meeting, you will not be admitted without proof that you own Quotient shares.

- **Record Shareholders.** If you are a record shareholder (i.e., a person who owns shares registered directly in his or her name with Continental Stock Transfer & Trust Company, Quotient’s transfer agent) and plan to attend the Annual Meeting, please indicate this when voting by marking the attendance box on the proxy card.
- **Owners of Shares Held in Street Name.** Beneficial owners of Quotient ordinary shares held in street name by a broker, bank or other nominee will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or letters from the broker, bank or other nominee are examples of proof of ownership. If your shares are held in street name and you want to vote in person at the Annual Meeting, you must obtain a written proxy from the broker, bank or other nominee holding your shares.

### **Can I access these proxy materials on the Internet?**

This proxy statement and our 2019 Annual Report on Form 10-K, as amended, are available at <http://investors.quotientbd.com>.

### **Can I get electronic access to the proxy materials?**

You may choose to receive future proxy materials by email. Choosing to receive your future proxy materials by email will lower our costs of delivery and is beneficial for the environment. If you choose to receive your future proxy materials by email, you will receive an email next year with instructions containing a link to view those proxy materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it or for so long as the email address provided by you is valid.

**Who pays for this proxy solicitation and how much did it cost?**

We will pay the cost for soliciting proxies for the Annual Meeting. Quotient will distribute proxy materials and follow-up reminders by mail and electronic means. We have engaged Okapi Partners LLC (“Okapi”) at 437 Madison Avenue, New York, New York 10022 to assist with the solicitation of proxies. We will pay Okapi an aggregate fee, including reasonable out-of-pocket expenses, of up to \$10,000, depending on the level of services actually provided. Certain Quotient employees, officers, and directors may also solicit proxies by mail, telephone, or personal visits. They will not receive any additional compensation for their services.

We will reimburse brokers, banks, and other nominees for their expenses in forwarding proxy materials to beneficial owners.

#### MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

During the fiscal year ended March 31, 2019, the Board held five in person or telephonic meetings. The audit committee met five times during the fiscal year ended March 31, 2019. Attendance at board and audit committee meetings exceeded 90% and no director attended less than 90% of the aggregate number of such board and committee meetings for meetings that they were eligible to attend. The remuneration committee met five times during the fiscal year ended March 31, 2019. The nominating and corporate governance committee met three times during the fiscal year ended March 31, 2019. The strategy and regulatory committee did not meet and was disbanded with effect from October 31, 2018. The responsibilities that were previously delegated to the strategy and regulatory committee are now the responsibilities of the full Board.

Our Board currently has three committees, as described below. Each committee has a separate written charter that is available on Quotient's website at [www.quotientbd.com](http://www.quotientbd.com).

Our business and affairs are managed under the direction of our Board of Directors. Our Board of Directors is currently composed of eight directors. At each annual meeting of our shareholders, each of our directors must "retire," and, if they wish to continue to serve as a director, they become subject to re-election to the Board of Directors by our shareholders.

We are subject to the listing standards of Nasdaq, which require that, subject to specified exceptions and permitted phase-in periods, each member of a listed company's audit, remuneration and nominating and corporate governance committees be independent. In addition, the listing standards of Nasdaq require that audit committee members satisfy independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and that the remuneration committee members satisfy independence criteria set forth in Rule 5605(d) of Nasdaq rules. The listing standards of Nasdaq further provide that a director will only qualify as an "independent director" if, in the opinion of that company's Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In addition, the listing standards of Nasdaq require that a majority of the members of a listed company's board of directors be independent. Our Board of Directors has determined that Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor are independent directors under the applicable Nasdaq listing rules. In making these determinations, our Board of Directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances that our Board of Directors deemed relevant in determining their independence, including beneficial ownership of our ordinary shares.

Messrs. Shroff and Wilkerson are currently not independent as defined in the applicable Exchange Act rules related to audit committee composition.

#### Audit Committee

Our audit committee is composed of Messrs. Bologna, Hallsworth, McDonough and Ms. O'Connor, with Mr. Hallsworth serving as chairman of the committee. Our Board of Directors has determined that all these committee members meet the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of Nasdaq. Our Board of Directors has determined that Mr. Hallsworth is an "audit committee financial expert" within the meaning of SEC regulations and applicable listing standards of Nasdaq. The audit committee met five times during the year ended March 31, 2019. The audit committee's responsibilities include:

- appointing, approving the compensation of, and assessing the qualifications, performance and independence of our independent registered public accounting firm;
- pre-approving audit and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- reviewing the audit plan with the independent registered public accounting firm and members of management responsible for preparing our financial statements;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures as well as critical accounting policies and practices used by us;
- reviewing the adequacy of our internal control over financial reporting;
- establishing policies and procedures for the receipt and retention of accounting-related complaints and concerns;
- reviewing and discussing with management and our independent registered public accounting firm our audited financial statements to be included in our Annual Report on Form 10-K;
- monitoring our compliance with legal and regulatory requirements as they relate to our financial statements and accounting matters;
- preparing the audit committee report required by the rules of the SEC to be included in our annual proxy statement;

## Table of Contents

- reviewing the cyber-security risk management program and reporting to the Board of Directors regarding strategies for improvement;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to our Board of Directors for approval;
- viewing all related party transactions for potential conflict of interest situations and approving all such transactions; and
- reviewing and discussing with management and our independent registered public accounting firm our earnings releases and scripts.

### **Remuneration Committee**

Our remuneration committee is composed of Messrs. Bologna, Hallsworth, McDonough, von Prondzynski and Shroff, with Mr. von Prondzynski serving as chairman of the committee. Our Board of Directors has determined that all these committee members are independent as defined under the applicable listing standards of Nasdaq. The remuneration committee met five times during the fiscal year ended March 31, 2019. The remuneration committee's responsibilities include:

- determining and approving the remuneration of our chief executive officer and other executive officers;
- reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer and other executive officers;
- evaluating the performance of our chief executive officer and other executive officers in light of such corporate goals and objectives;
- overseeing and administering our compensation and equity-based plans;
- appointing, compensating and overseeing the work of any compensation consultant, legal counsel or other advisor retained by the remuneration committee;
- conducting the independence assessment outlined in the rules of Nasdaq with respect to any compensation consultant, legal counsel or other advisor retained by the remuneration committee;
- producing a remuneration committee report on executive compensation as required by the rules of the SEC to be included in our annual proxy statement;
- annually reviewing and reassessing the adequacy of the committee charter in its compliance with the listing requirements of Nasdaq;
- reviewing and establishing our overall management compensation philosophy and policy;
- reviewing and approving our policies and procedures for the grant of equity-based awards; and
- reviewing and making recommendations to our Board of Directors with respect to director compensation.

### **Nominating and Corporate Governance Committee**

Our nominating and corporate governance committee is composed of Ms. O'Connor and Messrs. von Prondzynski and Shroff, with Ms. O'Connor serving as chair of the committee. Our Board of Directors has determined that these committee members are independent as defined under the applicable listing standards of Nasdaq. The committee met three times during the fiscal year ended March 31, 2019. The nominating and corporate governance committee's responsibilities include:

- identifying individuals qualified to become members of our Board of Directors, consistent with criteria approved by our Board of Directors;
- establishing a policy under which our shareholders may recommend a candidate to the nominating and corporate governance committee for consideration for nomination as a director;
- recommending to our Board of Directors the persons to be nominated for election as directors and to each of the committees of our Board of Directors;
- developing and recommending to our Board of Directors a set of corporate governance principles;
- articulating to each director what is expected, including reference to the corporate governance principles and directors' duties and responsibilities;
- reviewing and recommending to our Board of Directors practices and policies with respect to directors;

[Table of Contents](#)

- recommending to our Board of Directors qualified individuals to serve as members of the committees of our Board of Directors;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to our Board of Directors for approval;
- overseeing the systems and processes established by us to ensure compliance with our Code of Business Conduct and Ethics; and
- performing an evaluation of the performance of the committee.

## BOARD PRACTICES

To help our shareholders better understand our Board practices, we are including the following description of current practices. The nominating and corporate governance committee periodically reviews these practices.

### Size of the Board

The Board currently consists of the eight directors named above. Our Memorandum and Articles of Association provides that our Board must consist of a minimum of two directors. The exact number of members on our Board will be determined from time to time by our full Board.

### Leadership Structure

Heino von Prondzynski, an independent, non-employee director, serves as the Chairman of the Board.

### Director Independence

The Board believes that a substantial majority of its members should be independent, non-employee directors. Only one member of the Board, Mr. Walt, who serves as our Chief Executive Officer, is an employee of Quotient. The non-employee directors of the Company are Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor. Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor are independent directors under the applicable Nasdaq listing rules. Messrs. Shroff and Wilkerson are currently not independent as defined in the applicable Exchange Act rules related to audit committee composition.

The Exchange Act independence rules relate only to the audit committee. As described above, Mr. Shroff does not serve on our audit committee. Mr. Shroff serves on our remuneration and nominating and corporate governance committees and satisfies all applicable Nasdaq independence criteria related to his service on such committees. Mr. Wilkerson does not serve on any of our board committees.

### Audit Committee Financial Expert

The Board has determined that all of the members of the audit committee are financially literate and that Mr. Hallsworth is an "audit committee financial expert" within the meaning of SEC regulations and applicable listing standards of Nasdaq.

### Evaluation of Board Performance

The nominating and corporate governance committee coordinates an annual evaluation process by which the directors evaluate the Board's and its committees' performance and procedures. This self-evaluation leads to a full Board discussion of the results. The committees of the Board each conduct an annual evaluation of their committee's performance and procedures.

### Nomination of Directors

The nominating and corporate governance committee recommends individuals for membership on the Board. In making its recommendations, the nominating and corporate governance committee considers an individual's independence based on Nasdaq independence requirements and the criteria determined by the Board.

The nominating and corporate governance committee considers not only a candidate's qualities, performance and professional responsibilities, but also the composition of the Board and the challenges and needs of the Board at that time. The Board as a whole is constituted to be strong in its diversity and collective knowledge of accounting and finance, management and leadership, vision and strategy, business operations, business judgment, crisis management, risk assessment, industry knowledge, corporate governance and global markets.

The culture of the Board enables the Board to operate swiftly and effectively in making key decisions and when facing major challenges. Board meetings are conducted in an environment of trust, confidentiality, open dialogue, mutual respect and constructive commentary.

The nominating and corporate governance committee views diversity in its broadest sense, which includes gender, ethnicity, education, experience and leadership qualities. The nominating and corporate governance committee will use the same process and criteria for evaluating all nominees, regardless of who submits the nominee for consideration.

## Table of Contents

Shareholders are encouraged to submit the name of any candidate they believe to be qualified to serve on the Board, together with background information on the candidate, to the chair of the nominating and corporate governance committee. In accordance with procedures set forth in our Memorandum and Articles of Association, shareholders may propose, and the nominating and corporate governance committee will consider, nominees for election to the Board at the next annual general meeting by giving timely written notice to the Company Secretary, which must be received at our registered office no later than the close of business on the date that is 90 days before the first anniversary of the last annual general meeting of the Company, or August 1, 2020, and no earlier than the date that is 120 days before the first anniversary of the last annual general meeting of the Company, or July 2, 2020. The notice periods may change in accordance with the procedures set out in our Memorandum and Articles of Association. Any such notice must include the name of the nominee, a biographical sketch and resume, contact information and such other background materials on such nominee as the nominating and corporate governance committee may request.

### **Executive Sessions**

Non-employee directors meet together as a group during each Board meeting, without the Chief Executive Officer or any other employees in attendance. Mr. von Prondzynski, as our Board's Chairman, presides over each executive session of the Board. There is also an executive session during each committee meeting at which committee members meet without the Chief Executive Officer or any other employees in attendance. In addition, as required under Nasdaq listing standards, independent directors must meet together as a group at least twice a year.

### **Board's Role in Risk Oversight**

The Board takes an active role in risk oversight related to the Company both as a full Board and through its committees. While the Company's management is responsible for day-to-day management of the various risks facing the Company, the Board is responsible for monitoring management's actions and decisions. The Board, as apprised by the audit committee, determines that appropriate risk management and mitigation procedures are in place and that senior management takes the appropriate steps to manage all major risks.

### **Attendance at Shareholder Meetings**

The Board does not have a formal policy regarding director attendance at shareholder meetings. Messrs. Walt, Hallsworth, McDonough, von Prondzynski, Wilkerson and Ms. O'Connor attended the 2018 annual general meeting of shareholders. All directors are expected to attend 2019 annual general meeting.

### **Governance Principles**

The Board maintains a formal statement of Corporate Governance Guidelines that sets forth the corporate governance practices for Quotient. The Corporate Governance Guidelines are available on our website at [www.quotientbd.com](http://www.quotientbd.com). Click on the tab "Investors" and then the caption "Corporate Governance."

### **Code of Business Conduct and Ethics**

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer and principal financial officer. A current copy of the code is posted on the investor section of our website, [www.quotientbd.com](http://www.quotientbd.com). We intend to disclose any amendment to the code, or any waivers of its requirements, on our website.

### **Communications with the Board of Directors**

The Board believes that it is in the best interests of the Company and its shareholders to provide to every shareholder the ability to communicate with the Board as a whole, or with an individual director, through an established process for shareholder communication. The shareholder communication policy is posted on Quotient's website at [www.quotientbd.com](http://www.quotientbd.com). Click on the tab "Investors" and then the caption "Corporate Governance."

## RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following is a description of transactions, since April 1, 2018, in which (a) we were a participant, (b) the amount involved exceeded \$120,000 and (c) one or more of our executive officers, directors or 5% shareholders, or their immediate family members, each of whom we refer to as a “related person,” had a direct or indirect material interest. We refer to these as “related person transactions.”

### Public Share Offerings

On December 11, 2018, as part of a public offering, we issued the following amounts of ordinary shares at a price of \$6.50 per share:

- 692,308 ordinary shares to Polar Capital LLP for a total consideration of \$4,500,002;

- (2) In certain cases, the option exercise prices are lower than the fair market value of the underlying securities on the date of grant. As part of the preparation for our initial public offering (which occurred in April 2014), the Board of Directors reviewed the fair value of our ordinary shares at the various dates in recent years when option and share awards were granted. This review resulted in certain instances in the Board of Directors concluding that the fair value of the underlying securities was higher than the option exercise prices determined at the time. The resulting increase in compensation expense has been reflected in our financial statements.

In connection with his appointment as a director on February 1, 2018, Mr. Walt received, effective February 19, 2018, share options to purchase 22,676 of our ordinary shares at an exercise price of \$4.41, which was the closing price of our ordinary shares on February 18, 2018. The share options vest and become exercisable in three equal annual installments beginning February 19, 2019.

**EXECUTIVE COMPENSATION**  
**Compensation Discussion and Analysis**

**Executive Summary**

Mr. Paul Cowan served as our Chief Executive and Chairman until his retirement on March 21, 2018. Mr. Franz Walt served as our Interim Chief Executive Officer from March 21, 2018 until May 24, 2018, on which date he was appointed our Chief Executive Officer. As described below in "Agreements with our Executive Officers—Employment Agreements—Franz Walt," in connection with these appointments we entered into a part time employment agreement with Mr. Walt on April 1, 2018 and an employment agreement with Mr. Walt on May 24, 2018. As a result Mr. Walt's remuneration for our fiscal year ended March 31, 2018 was solely comprised of the remuneration he received as a non-employee director as described above in Non-Employee Director Compensation.

Our "named executive officers" for the fiscal year ended March 31, 2019 are Franz Walt, Christopher Lindop and Edward Farrell. Our "named executive officers" for the fiscal year ended March 31, 2018 are Paul Cowan, Franz Walt, Christopher Lindop and Jeremy Stackawitz. This Compensation Discussion and Analysis explains our executive compensation program as it relates to our "named executive officers," whose compensation information is presented in the following tables and discussion in accordance with the SEC rules.

Our mission is to become the global leader for the development, manufacture and sale of transfusion diagnostics (blood grouping, serological disease screening and molecular disease screening), leveraging our proprietary MosaiQ™ technology platform. As MosaiQ is demonstrated to work for transfusion diagnostics, we will also seek to expand its utility elsewhere in the broader diagnostics market.

To achieve our mission, we must recruit, retain and motivate exceptional leaders with the ability to deliver superior results for our shareholders. The skills and knowledge built by the management team around MosaiQ, which represents a novel and highly disruptive technology platform for the broader diagnostics field, are unique and increasingly will become highly attractive to potential competitors. Retention of existing senior management and recruitment of additional senior managers to augment the existing team is therefore critical. Our executive compensation program is instrumental in achieving this objective.

Our executive compensation program is designed to focus executive behavior on achievement of both our annual and long-term objectives and strategy as well as align the interests of management to those of our shareholders. Consequently, our executive compensation plan is comprised of four principal elements – salary, benefits, long-term equity interest and cash bonuses based on annual individual and corporate performance. Consistent with our strategic goals, we have designed and implemented a performance-based award that aligns equity compensation with outstanding returns to our shareholders over several years.

Executive compensation is discussed in greater detail below. The remuneration committee will continue to evaluate our overall compensation structure and awards to ensure they are: (i) reflective of the performance of our executive officers and the Company; and (ii) consistent with our compensation objectives.

## Roles of the Remuneration Committee

### *General*

It is the responsibility of the remuneration committee to administer the Company's compensation practices, to ensure they are competitive, financially prudent and include incentives designed to appropriately drive performance. To achieve this, the remuneration committee periodically reviews commercially available, industry specific compensation data for: (i) companies in the global diagnostics industry; (ii) companies addressing the donor testing market; and (iii) companies in the European biotechnology industry, as a general guide for establishing its compensation practices and structures. The remuneration committee, along with the Board, also reviews and approves corporate objectives used in our executive compensation program to confirm that appropriate goals have been established and tracks performance against them. On an annual basis the remuneration committee reviews tally sheets reflecting each named executive officer's compensation history with respect to each element of compensation.

The remuneration committee conducts an annual review of performance and compensation during the first quarter of each fiscal year for the purpose of determining the compensation of named executive officers. As part of this review, the CEO submits recommendations to the remuneration committee relating to the compensation of the named executive officers (other than the CEO). Following a review of these recommendations, the remuneration committee approves the compensation of these named executive officers, with such modifications to the CEO's recommendations as the remuneration committee considers appropriate.

The remuneration committee's review of the CEO's compensation is subject to separate procedures. With input from members of the entire Board, other than the CEO, the Chairman and the remuneration committee evaluate the CEO's performance and review the evaluation with him. Based on that evaluation and review, the remuneration committee then determines the CEO's compensation. The CEO is excused from meetings of the remuneration committee during voting or deliberations regarding his compensation.

### *Peer Group Companies*

The remuneration committee seeks to identify an executive compensation peer group of approximately fifteen to twenty companies that may compete with the Company for executive talent ("Peer Group Companies"). The remuneration committee has focused on creating a peer group that:

- Represented companies working in the global diagnostics industry, companies addressing the donor testing market or companies in the European biotechnology industry;
- Contains a mix of pre-commercial development companies and some commercial stage companies;
- Captures comparable companies in terms of employee numbers and market capitalization; or
- Have achieved or expect to achieve a growth profile comparable to that expected for the Company.

Based on the above criteria, the following companies were included in the peer group:

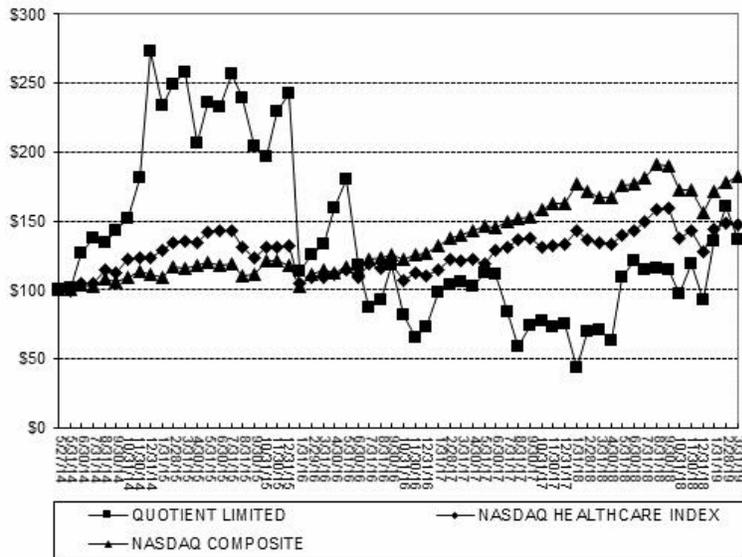

<b><u>Company</u></b>	<b><u>Product Focus</u></b>
Accelerate Diagnostics	In vitro diagnostics for hospital acquired and drug resistant infections
BioCartis Group NV	Molecular diagnostics
Cerus Corp	Pathogen inactivation for donor blood, plasma and platelets
Epigenomics AG	Molecular diagnostics – cancer
Exact Sciences Corp.	Molecular diagnostics – early detection of colorectal cancer
GenMark Diagnostics Inc.	Automated, multiplex molecular diagnostic testing systems
Genomic Health Inc.	Molecular diagnostics – cancer care
Haemonetics Corporation	Provision of innovative blood management solutions
Meridian Bioscience Inc.	Develops, manufacture, commercialization of a range of innovative diagnostics test kits
Myriad Genetics Inc.	Molecular diagnostics
Nanostring Technologies Inc.	Life science tools for translational research and molecular diagnostic products
Oxford Biomedica	Biopharmaceutical company focused on the development and commercialization of gene-based medicines
Oxford Immunotec	Diagnostic tests for immune-regulated conditions (e.g. Tuberculosis)
Quidel Corp.	Provision of cellular based virology assays and molecular diagnostics testing systems
T2 Biosystems	Clinical diagnostics for sepsis

The remuneration committee retained Willis Towers Watson, or WTW, as its independent compensation consultant. WTW does not perform any other consulting work or other services for the Company, reports directly to the remuneration committee and takes direction from the Chairman of the remuneration committee. The remuneration committee has assessed the independence of WTW pursuant to the rules prescribed by the SEC and has concluded that no conflict of interest existed in the financial year ended March 31, 2019 or currently exists that would prevent WTW from serving as an independent consultant to the remuneration committee.

## Executive Compensation Programs

### *Overview and Objectives*

Our executive compensation program for our named executive officers for fiscal years 2019 and 2020, each an Executive Compensation Program, was adopted on May 23, 2018 with respect to fiscal 2019 and May 22, 2019 with respect to fiscal 2020. Each year, the Remuneration Committee and the Board review the Executive Compensation Program for our named executive officers for the fiscal year to ensure that it is designed to achieve the following objectives:

- Focus executive behavior on achievement of our annual and long-term strategic objectives,
- Provide a competitive compensation package that enables the Company to attract and retain, on a long-term basis, talented executives,
- Provide a total compensation structure that the remuneration committee believes is at least comparable with the total compensation structure of Peer Group Companies for which we would compete for talent and which consists of a mix of base salary, equity and cash incentives, and
- Align the interests of management and shareholders by providing management with long-term incentives through equity ownership.

The Remuneration Committee will continue to review the Executive Compensation Program in future years to ensure that it is closely aligned with the interests of shareholders and reflects our business needs.

Each Executive Compensation Program has four principal elements, namely base salary, benefits, short-term incentives and long-term incentives. A brief description of each element and their purpose at the Company is described below:

Compensation Element	Description	Purpose
<b>Base salary</b>	Fixed cash compensation based on role, job scope, experience, qualification and performance	To compensate for individual technical and leadership competences required for a specific role and to provide economic security. Notice periods for named executive officers vary between six and 12 months.
<b>Benefits</b>	Competitive health, life assurance, disability and retirement benefits	To promote health and wellness in the workforce and to provide competitive retirement planning and saving opportunities. Benefits include private health coverage, life insurance, a defined contribution pension scheme and provision of a company car. There are no enhanced benefits for named executive officers.
<b>Short-term incentive</b>	Annual cash incentive opportunity payable based on achievement of corporate, business unit and individual objectives	To incentivize management to meet and exceed annual performance metrics and deliver on commitments to shareholders.
<b>Long-term incentive</b>	Annual equity award	To incentivize executive officers to increase shareholder value, reward long-term corporate performance and promote employee commitment through share ownership.

In addition, during fiscal year 2019, the long-term incentive compensation element of our Executive Compensation Program also included the award of multi-year performance-based grant of Restricted Share Units ("MRSUs") in order to align management compensation to achievement of our multi-year strategic plan. Beginning with fiscal year 2020, MSRUs are no longer part of our Executive Compensation Program.

[Table of Contents](#)

Our objective is to target total direct compensation for our named executive officers, including the annualized value of the incentive awards that are proposed to be granted in fiscal 2020 as part of our Executive Compensation Program, as follows: Base Salary & Benefits – 30%; Short-term Incentive – 15%; and Long-Term Incentive 55%.

The amounts and mix attributable to base salary, short-term incentives and long-term incentives are determined by reference to market norms. Our aim is to align individual compensation with the objectives of the applicable Executive Compensation Program. While executive compensation mix is evaluated on an annual basis, we do not adhere to a rigid formula when determining the actual mix of compensation elements. Instead, our current policy is to balance the short-term and long-term focus of our compensation elements to reward short-term performance while emphasizing long-term value creation. These objectives are achieved by placing considerable weight on long-term, equity-based compensation while offering cash and short-term compensation to attract and retain executive talent.

The primary objective of our compensation philosophy is to design and support total remuneration packages aligned with strong business performance and long-term value creation for our shareholders. Each Executive Compensation Program in particular is designed with specific emphasis on accountability for the performance of the MosaiQ development and commercialization program in the short-term and shareholder return over the longer term. This alignment is created through several mechanisms:

<b>Compensation Mechanism</b>	<b>Methodology</b>	
<b>Pay Positioning</b>	To attract and retain the best executives, all components of executive compensation are targeted between the market's median and 75 <sup>th</sup> percentile.	
<b>Performance Target Setting</b>	We set goals that we consider to be ambitious but achievable for ourselves and for the Company aligned with our commitment to building long-term sustainable value for our shareholders.	
<b>Compensation Elements</b>	Base Salary	Sets baseline pay level.
	Annual Incentive Plan	Annual incentive payment that rewards performance relative to annual financial goals and/or MosaiQ development goals.
	RSUs	Long-term incentive with a three-year vesting period that rewards performance that enhances shareholder value.
<b>Compensation Mix</b>	Our compensation mix is weighted toward variable pay elements and long-term incentive pay elements	

By applying the above methodologies, named executive officers are compensated at between the market's median and 75<sup>th</sup> percentile when we meet our performance targets, deliver on the expectations we communicate to our shareholders and drive share price appreciation. Should our performance exceed expectations, our executives will be compensated above target, and vice versa. The significant weighting of long-term incentives ensures that the primary focus of our named executives is sustained long-term performance, while our short-term incentives motivate consistent annual achievement.

## Fiscal 2019 Executive Compensation

Based on our assessment of the performance of the named executive officers and our compensation philosophy as described in this Compensation Discussion and Analysis, and to recognize the high level of performance of these individuals and their importance to the Company, we took the following actions regarding fiscal 2019 compensation:

- After reviewing the market for CEO compensation with advice from WTW, giving consideration to the CEO compensation of the Peer Group Companies, assessing the skills and experience of Mr. Walt and considering the need for the appointment of a CEO to fill the vacancy following Mr. Cowan's retirement, (1) on April 1, 2018, in connection with his appointment as Interim Chief Executive Officer, we (i) issued to Mr. Walt 57,325 RSUs (equal in value to approximately \$270,000, based on the closing sale price of our ordinary shares on The Nasdaq Global Market on March 29, 2018 of \$4.71 per share), (ii) issued to Mr. Walt options to purchase 30,000 Ordinary Shares at an exercise price of \$4.71 per share, and (iii) agreed to pay Mr. Walt a one-time cash bonus of up to CHF 230,000 based on the achievement of performance targets reasonably determined by the Board in consultation with Mr. Walt, payable upon expiration of the interim employment term; and (2) on May 24, 2018, we ended Mr. Walt's appointment as Interim Chief Executive Officer and we entered into an employment agreement with Mr. Walt pursuant to which (i) we agreed to pay him a base salary of CHF750,000 per year, (ii) he is eligible to receive a cash bonus of up to CHF1,125,000 based on the achievement of performance targets determined by the Board, (iii) we determined to grant him, subject to the receipt of certain shareholder approvals, (a) 91,743 RSUs (equal in value to approximately \$600,000, based on the closing sale price of our ordinary shares on The Nasdaq Global Market on May 24, 2018 of \$6.54 per share) and (b) options to purchase 45,872 ordinary shares at an exercise price of \$6.54 per share, which grants subsequently occurred on October 31, 2018, and (iv) until the month-end following Mr. Walt's last day of employment and during such time as Mr. Walt is commuting between his current home and our offices, reimbursement for the rental cost of a 1-bedroom apartment in the Geneva area for up to CHF2,500 per month. On November 20, 2019, the Company agreed, in lieu of reimbursing Mr. Walt up to CHF2,500 per month for the rental cost of a 1-bedroom apartment in the Geneva area, to reimburse Mr. Walt for incremental costs incurred by him when his spouse travels with him to Eysins, Switzerland.
- On May 23, 2018, we;
  - increased the base salaries of Messrs. Lindop, Stackawitz and Farrell to \$390,000, \$400,192 and \$401,500 respectively, effective June 1, 2018,

- (1) Vesting of all options is subject to continued service through the applicable vesting date.
- (2) In certain cases, the option exercise prices are lower than the fair market value of the underlying securities. As part of the preparation for our initial public offering (which occurred in April 2014), the Board reviewed the fair value of our ordinary shares at the various dates in recent years when option and share awards were granted. This review resulted in certain instances in the Board concluding that the fair value of the underlying securities was higher than the option exercise prices determined at the time. The resulting increase in compensation expense has been reflected in our financial statements.
- (3) On March 21, 2018, Mr. Walt was appointed to serve as Interim Chief Executive Officer, and on May 24, 2018, Mr. Walt was appointed as the Company's Chief Executive Officer. The awards reflected in the table also include awards Mr. Walt received as a non-employee director prior to his appointment as Interim Chief Executive Officer.

On May 24, 2018, we entered into an employment agreement with Mr. Walt to serve as the Company's Chief Executive Officer, which we subsequently amended on November 20, 2018 and July 2, 2019. The agreement, as amended, has a two-year term, subject to earlier termination upon three months' prior written notice by either party, and renews automatically for an additional twelve months, subject to either party giving the other party at least three months' written notice that the term of the agreement shall not be extended.

The agreement provides for a base salary of CHF750,000 per annum; eligibility to receive an annual cash bonus of up to CHF1,125,000 based on the achievement of performance targets determined by the Board; subject to the receipt of certain shareholder approvals, a grant of (a) 91,743 RSUs (equal in value to approximately \$600,000, based on the closing sale price of the Company's ordinary shares on The Nasdaq Global Market on May 24, 2018 of \$6.54 per share) and (b) options to purchase 45,872 ordinary shares at an exercise price of \$6.54 per share, which grants subsequently occurred on October 31, 2018; and reimbursement of incremental costs incurred by Mr. Walt when his spouse travels with him to Eysins, Switzerland.

If we terminate Mr. Walt's employment agreement without cause (as defined in the employment agreement), Mr. Walt's RSUs and options will vest and, in the case of options, become exercisable, in accordance with their terms, and the Company will pay to Mr. Walt; (i) all accrued but unpaid base salary through the date of termination of Mr. Walt's employment and any unpaid or unreimbursed expenses incurred by Mr. Walt in the performance of his duties; (ii) the base salary for the remainder of the term of the agreement in equal monthly installments; and (iii) a pro rata portion of the annual bonus for the year of termination. The RSUs and options will also fully vest and, in the case of options, become exercisable, in accordance with their terms, upon a change in control.

We have agreed to indemnify Mr. Walt to the maximum extent permitted by our organizational documents and applicable law for any acts or decisions made in good faith while performing services for us.

*Interim CEO Employment Agreement*

On April 1, 2018, we entered into a part time employment agreement with Mr. Walt to serve as our Interim Chief Executive Officer. *Christopher Lindop*

We entered into an employment agreement with Christopher Lindop dated February 9, 2017 that sets forth the terms and conditions under which Mr. Lindop serves as our Chief Financial Officer. The agreement has no specific term and establishes an at-will employment relationship. Mr. Lindop's current annual base salary for fiscal year 2020 is \$420,000, and he is eligible to receive customary employee benefits.

We may terminate Mr. Lindop's employment with or without cause, but Mr. Lindop is required to provide at least two months' advance written notice to us if he terminates his employment. If we terminate Mr. Lindop's employment other than for cause (as defined in the Employment Agreement), he will be entitled to receive, subject to certain conditions, (i) severance equal to 12 months of his then current base salary and employee benefits then in effect, payable as a lump sum as soon as practicable after the date of termination, but in no event later than March 15th of the following year, plus (ii) reimbursement of the remaining rental costs for Mr. Lindop's property in Switzerland, up to a maximum of 12 months' rent and (iii) reimbursement of reasonable repatriation costs to the United States. We have agreed to indemnify Mr. Lindop to the maximum extent permitted by our organizational documents and applicable law for any acts or decisions made in good faith while performing services for us.

Both we and Mr. Farrell must give a minimum of 12 months' prior notice to terminate his employment, other than for cause (as defined in his service agreement). We have the right to place Mr. Farrell on paid leave rather than allowing him to continue to provide services during this notice period. Mr. Farrell is obligated to refrain from competition with us for 12 months after his termination, unless that period is shortened by a period of leave. After notice of termination has been given by Mr. Farrell or us, all or part of the duration of the notice period of leave would be counted as part of the non-competition period. Upon termination, we would owe Mr. Farrell the balance of his base salary for the remaining term of the agreement.

In addition to his salary, Mr. Farrell is also entitled to a car allowance of £11,000, or approximately \$14,300 per annum, contributions by his employer to a personal pension plan of 6% of salary and private healthcare benefits of £860, or approximately \$1,120 per annum. Mr. Stackawitz is obligated to (i) refrain from engaging in competition with us in the United States or in other countries in which we conduct our business for a period of one year after any termination and (ii) refrain from soliciting any of our executives, suppliers or customers for a period of two years after any termination.

### ***Change in Control Agreements***

We have entered into a change of control agreement, or CIC Agreement, with the following executive officers: Christopher Lindop, Edward Farrell, Jeremy Stackawitz and Roland Boyd. The purpose of the CIC Agreements is to establish certain protections for certain of our officers upon a qualifying termination of their employment in connection with a change of control of us.

Each CIC Agreement provides that, if we terminate the executive's employment without "Cause" (as defined in the CIC Agreement) or the executive terminates his employment for "Good Reason" (as defined in the CIC Agreement) and, in either case, such termination occurs no more than 24 months following a "Change of Control" (as defined in the CIC Agreement), then, subject to the executive signing and not revoking a release and waiver of claims, the executive will receive a lump sum payment of the following:

- any accrued obligations owed to the executive, which include: (i) any of the executive's annual base salary earned through the effective date of termination that remains unpaid; (ii) any bonus payable with respect to any fiscal year which ended prior to the effective date of the executive's termination of employment, which remains unpaid; and (iii) any expense reimbursement due to the executive on or prior to the date of termination which remains unpaid to the executive; and
- a cash payment equal to 150% of the sum of the executive's base salary plus target annual bonus in effect on the date of termination, without taking into effect any reduction in the executive's annual base salary that may constitute "Good Reason" under the CIC Agreement.

Each CIC Agreement will expire on August 7, 2020 and will automatically renew for successive one year terms unless the Board of Directors provides written notice of expiration of the CIC Agreement at least 90 days prior to August 7, 2020 or the applicable anniversary thereof.

### ***Separation Agreement***

On March 21, 2018, the ("Separation Date"), in connection with Paul Cowan's retirement, Mr. Cowan resigned from his positions with us, including as chief executive officer and as a director.

In connection with Mr. Cowan's retirement, we, Mr. Cowan and Deidre Cowan, Mr. Cowan's spouse and the sole shareholder of Quotient Biodiagnostics Group Limited, one of our significant shareholders, entered into a Separation Agreement, dated as of May 7, 2018 (the "Separation Agreement"), pursuant to which:

- all unvested options to acquire ordinary shares held by Mr. Cowan that were scheduled to vest within 12 months of the Separation Date will remain outstanding and vest and become exercisable on their regularly scheduled vesting dates;
- all outstanding and vested options to acquire ordinary shares held by Mr. Cowan will remain exercisable until the 12-month anniversary of the Separation Date after which they will expire;
- all MRSUs and RSUs held by Mr. Cowan were terminated except for 30,000 RSUs that are eligible to vest upon receipt of CE-marking for the MosaiQ blood grouping consumable, which shall remain outstanding and be eligible to vest upon receipt of the CE mark;
- Mr. Cowan will receive a cash bonus of \$496,000 for the fiscal year ended March 31, 2018, which will be paid on or prior to August 1, 2018; and
- all vested benefits under any other company benefit plans, and any reimbursements Mr. Cowan is entitled to under current company policies for periods before the Separation Date, were paid or reimbursed to Mr. Cowan in accordance with the terms of the applicable plan or policy.

[Table of Contents](#)

In addition, pursuant to the Separation Agreement, Mr. Cowan provided consulting services to us for a one-month period from the date of the Separation Agreement (the "Transition Period"), for which services Mr. Cowan was paid \$44,583. After the Transition Period, Mr. Cowan will provide ad-hoc advisory services as reasonably requested by our board of the directors, for which services Mr. Cowan will be paid CHF 5,000 per day / CHF 600 per hour, plus reasonable out-of-pocket expenses. On March 18, 2019, Mr. Cowan exercised all his outstanding share options that were in the money at that date.

Mr. Cowan and certain related parties have executed a release of claims arising from Mr. Cowan's employment which they may have against us, and our officers, directors and employees.

**Equity and Incentive Plans**

Our shareholders and Board of Directors previously adopted the Enterprise Management Plan, or the 2012 Plan. In connection with the completion of our initial public offering in April 2014, we adopted the 2014 Stock Incentive Plan, or the 2014 Plan and in October 2016 and in October 2018, our shareholders approved amendments and restatements of this plan at our annual general meetings of shareholders in 2016 and 2018, respectively. We refer to this plan, as so amended and restated, as the 2014 Plan

The following table presents certain information about our equity compensation plans as of March 31, 2019:

	<b>Number of securities to be issued upon exercise of outstanding options and rights</b>	<b>Weighted average exercise price of outstanding options and rights</b>	<b>Number of shares remaining available for future issuance</b>
Equity compensation plans approved by shareholders (1)	2,903,086	\$ 5.19	376,114
Equity compensation plans not approved by shareholders	—	—	—

As of March 31, 2019, the number of shares reserved for issuance, number of shares issued, number of shares underlying outstanding share options and number of shares remaining available for future issuance under the 2012 Plan and the 2014 Plan is set forth in the table below. Our Board of Directors has determined not to make any further awards under the 2012 Plan.

<b>Name of Plan</b>	<b>Number of securities to be issued upon exercise of outstanding options and rights</b>	<b>Weighted average exercise price of outstanding options and rights</b>	<b>Number of shares remaining available for future issuance</b>
2012 Plan	357,651	\$ 3.21	95,078
2014 Plan	2,545,435	\$ 5.63	376,114

(1) Outstanding awards comprise 860,689 RSUs, 106,000 MRSUs and 1,936,397 options

On April 1, 2019 the number of shares reserved for issuance by the 2014 Plan increased by 200,000 shares.

The following description of each of our share incentive plans is qualified by reference to the full text of those plans, which are incorporated by reference as exhibits to our Annual Report on Form 10-K.

*2012 Plan*

We adopted the Enterprise Management Plan, or the 2012 Plan, to enhance our ability to attract, retain and motivate employees expected to make important contributions to our company by providing them with equity ownership opportunities and performance-based incentives. All of our employees were eligible to be granted share options under the 2012 Plan. The 2012 Plan was administered by our Board of Directors. Subject to certain conditions, the 2012 Plan permits grants of enterprise management incentive options, or EMI options, under the terms of Schedule 5 to the UK Income Tax (Earnings and Pensions) Act 2003 (or ITEPA) for UK-based employees.

[Table of Contents](#)

Share options granted pursuant to the 2012 Plan may be exercised upon the occurrence of certain events, including among other events, (i) in a sale of any shares of our share capital, which confers more than 50% of the total voting rights of all our issued shares; (ii) in the sale of all or substantially all of the undertakings of our company and our subsidiaries, and (iii) in the event of a listing of our shares on any "Recognized Investment Exchange" as defined in Section 841(a) of the Corporation Taxes Act 2009. In the event our shares are listed, an option may be exercised, in three equal installments, on the first, second and third anniversaries of the date of the grant. Options must be exercised during an employee's term of employment or service or within 40 days of termination of employment or service (or within one year in the case of termination on account of a participant's death). The options lapse after specified periods upon the occurrence of applicable events, including, forty days after (i) the sale of any shares of our share capital which confers more than 50% of the total voting rights of all our issued shares or (ii) the sale of all or substantially all of the undertakings of our company and our subsidiaries.

The maximum term of an option award is ten years.

Each option grant was documented through an option agreement. The exercise price per share of all options was determined by our Board of Directors at the time of the grant.

Awards are non-transferable and our Board of Directors retains discretion to amend, modify or terminate any outstanding award. Awards may be accelerated to become immediately exercisable in full or in part upon approval of our Board of Directors.

In the event of certain changes in our capitalization, the number of shares available for issuance under the 2012 Plan, as well as the exercise price per share of each outstanding option, may be appropriately adjusted by our Board of Directors. The 2012 Plan provides for certain exchange rights in the event of change in control and provides for conditional exercise in connection with a court-ordered reorganization of our company or our amalgamation with any other company or companies.

As of March 31, 2019, under the plan there were 357,651 ordinary shares issuable upon the exercise of outstanding options, at a weighted-average exercise price of \$3.21 per ordinary share.

Certain of our prior filings with the SEC referred to the 2012 Plan as the 2013 Plan. In this proxy statement, we refer to the 2012 Plan as such because the first awards granted thereunder occurred in 2012.

*2014 Plan*

Our Board of Directors and our shareholders have approved the 2014 Plan. The 2014 Plan provides us flexibility with respect to our ability to attract and retain the services of qualified employees, officers, directors, consultants and other service providers upon whose judgment, initiative and efforts the successful conduct and development of our business depends, and to provide additional incentives to such persons to devote their effort and skill to the advancement and betterment of our company, by providing them an opportunity to participate in the ownership of our company and thereby have an interest in its success and increased value.

We have reserved an aggregate of 3,779,205 ordinary shares for issuance under the 2014 Plan, which includes 2,800,000 ordinary shares reserved for issuance pursuant to the terms of the 2014 Plan, as amended, and 970,205 ordinary shares reserved for issuance as a result of automatic annual increases through April 1, 2019, as discussed further below. This number is subject to adjustment in the event of a recapitalization, share split, share consolidation, reclassification, share dividend or other change in our capital structure. To the extent that an award terminates, or expires for any reason, then any shares subject to the award may be used again for new grants. However, shares which are (i) not issued or delivered as a result of the net settlement of outstanding options or stock appreciation rights, or SARs, (ii) used to pay the exercise price related to outstanding options, (iii) used to pay withholding taxes related to outstanding options or SARs or (iv) repurchased on the open market with the proceeds from an option exercise, will not be available for re-grant under the 2014 Plan.

The number of ordinary shares reserved for issuance will automatically increase on April 1 of each year, from April 1, 2015 through April 1, 2023, by the lesser of 1% of the total number of our ordinary shares outstanding on March 31 of the preceding year, 200,000 shares or such smaller amount as determined by our Board of Directors. As at April 1, 2019, an additional 970,205 ordinary shares have been reserved for issuance under the 2014 Plan as a result of automatic increases. The maximum number of shares that may be issued upon the exercise of incentive share options under the 2014 Plan is 4,300,000 shares.

The 2014 Plan permits us to make grants of (i) incentive share options pursuant to Section 422 of the Code and (ii) non-qualified share options. Incentive share options may only be issued to our employees. Non-qualified share options may be issued to our employees, directors, consultants and other service providers. The option exercise price of each option granted pursuant to the 2014 Plan will be determined by our remuneration committee and may not be less than 100% of the fair market value of the ordinary shares on the date of grant, subject to certain exceptions. The term of each option will be fixed by our remuneration committee and may not exceed ten years from the date of grant. All option grants under the 2014 Plan are made pursuant to a written option agreement.

The 2014 Plan permits us to sell or make grants of restricted shares. Restricted shares may be sold or granted to our employees, directors, consultants and other service providers (or of any current or future parent or subsidiary of our company). Restricted shares issued under the 2014 Plan is sold or granted pursuant to a written restricted shares purchase agreement.

The 2014 Plan also permits us to issue SARs. SARs may be issued to our employees, directors, consultants and other service providers. The base price per share of ordinary shares covered by each SAR may not be less than 100% of the fair market value of the ordinary shares on the date of grant, subject to certain exceptions. SAR grants under the 2014 Plan are made pursuant to a written SAR agreement.

Further, the 2014 Plan permits us to issue RSUs. RSUs may be issued to our employees, directors, consultants and other service providers. RSU grants under the 2014 Plan are made pursuant to a written RSU agreement.

As of March 31, 2019, 391 employees and eight directors were eligible to participate in the 2014 Plan.

The 2014 Plan is administered by our remuneration committee, which has the authority to control and manage the operation and administration of the 2014 Plan. In particular, the remuneration committee has the authority to determine the persons to whom, and the time or times at which, incentive share options, nonqualified share options, restricted shares, SARs or RSUs shall be granted, the number of shares to be represented by each option agreement or covered by each restricted share purchase agreement, SAR agreement or RSU agreement and the exercise price of such options and the base price of such SARs. In addition, our remuneration committee has the authority to accelerate the exercisability or vesting of any award, and to determine the specific terms, conditions and restrictions of each award. The remuneration committee will be composed exclusively of individuals intended to be, to the extent provided by Rule 16b-3 of the Exchange Act, independent directors.

Unless provided otherwise within each written option agreement, restricted share purchase agreement, SAR agreement or RSU agreement as the case may be, the vesting of all options, restricted share, SARs and RSUs granted under the 2014 Plan shall accelerate automatically in the event of a “change in control” (as defined in the 2014 Plan) effective as of immediately prior to the consummation of the change in control unless such equity awards are to be assumed by the acquiring or successor entity (or parent thereof) or equity awards of comparable value are to be issued in exchange therefor or the equity awards granted under the 2014 Plan are to be replaced by the acquiring entity with other incentives under a new incentive program containing such terms and provisions as our remuneration committee in its discretion may consider equitable.

Our Board of Directors may from time to time alter, amend, suspend or terminate the 2014 Plan in such respects as our Board of Directors may deem advisable, provided that no such alteration, amendment, suspension or termination shall be made which shall substantially affect or impair the rights of any participant under any awards previously granted without such participant’s consent.

No awards may be granted under the 2014 Plan after April 24, 2024.

As of March 31, 2019, there were 1,578,746 ordinary shares issuable upon the exercise of outstanding options, at a weighted-average exercise price of \$9.08 per ordinary share, 106,000 MRSUs outstanding and 860,689 RSUs outstanding under the plan.

**Share Ownership Guidelines**

At its July 30, 2015 Board meeting, the Company adopted guidelines to encourage ownership of shares of the Company by directors and named executive officers. Under these guidelines, directors and named executive officers have five years from the adoption of the guidelines (or if later, the date of employment, election or promotion, whichever applies) to achieve an ownership target as follows:

<u>Award</u>	<u>Ownership Target: Base Salary Multiple</u>
Non-Employee Directors	Share value equal to or greater than three times annual retainer
CEO	Share value equal to or greater than six times base salary
Named executive officers (other than CEO)	Share value equal to or greater than two times base salary

Shares that count toward satisfaction of the ownership targets include:

- Shares directly owned – individual, immediate family or trust (including without limitation shares purchased on the open market or acquired upon exercise of share options);
- Vested restricted shares, restricted share units or deferred share units; and
- “In the money” vested share options.

[Table of Contents](#)

Shares that do not count towards the ownership targets include:

- Unvested share options, restricted shares, restricted share units or deferred share units;
- “Out of the money” vested share options; and
- Performance restricted shares or performance equity units not yet vested.

Transactions under the plan were disclosed publicly through Form 144 and Form 4 filings with the SEC.

On March 12, 2019, Edward Farrell entered into a share trading plan for personal investment diversification and planning purposes. The plan, which expired on June 15, 2019, covered the sale of up to 11,000 of our ordinary shares upon the vesting of RSUs on May 24, 2019. Transactions under the plan were disclosed publicly through Form 144 and Form 4 filings with the SEC.

The plans were adopted in accordance with guidelines specified under Rule 10b5-1 under the Exchange Act, and our policies regarding share transactions. Rule 10b5-1 permits individuals who are not in possession of material non-public information at the time the plan is adopted to establish pre-arranged plans to buy or sell company shares.

**Defined Contribution Pension Plan and Insured Pension Plan**

We operate a defined contribution pension plan for our employees. No executive officers (other than Edward Farrell) and no directors participate in this plan. The assets of the plan are held separately from us in an independently administered fund. Pension costs during the years ended March 31, 2019, 2018 and 2017 amounted to \$750,000, \$1,197,000 and \$742,000 respectively. In addition, we operate an insured pension plan in Switzerland for our Swiss employees. The cost of this pension plan in the year ended March 31, 2019 was \$1,736,000. No executive officers and no directors participated in this plan prior to March 31, 2018 but Mr. Walt participated in the year ended March 31, 2019 in order to comply with Swiss employment regulations. Further details can be found in the notes to our financial statements contained in our annual report on Form 10-K for the year ended March 31, 2019.

## REPORT OF THE AUDIT COMMITTEE

*The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.*

The audit committee currently consists of Messrs. Bologna, Hallsworth, McDonough and Ms. O'Connor, with Mr. Hallsworth serving as chairman of the committee. Our Board of Directors has determined that Messrs. Hallsworth, Bologna, McDonough and Ms. O'Connor meet the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of Nasdaq. Our Board of Directors has determined that Mr. Hallsworth is an “audit committee financial expert” within the meaning of SEC regulations and applicable listing standards of Nasdaq.

The audit committee operates under a written charter adopted by the Board, which is evaluated annually. The charter of the audit committee is available on Quotient’s website at [www.quotientbd.com](http://www.quotientbd.com). Click on the tab “Investors” and then the caption “Corporate Governance.”

The audit committee selects, evaluates and, where deemed appropriate, replaces Quotient’s independent registered public accountants. The audit committee also pre-approves all audit services, engagement fees and terms, and all permitted non-audit engagements, except for certain de minimis amounts.

Management is responsible for Quotient’s internal controls and the financial reporting process. Quotient’s independent registered public accountants are responsible for performing an audit of Quotient’s consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). The audit committee’s responsibility is to monitor and oversee these processes.

In this context, the audit committee has reviewed Quotient’s audited financial statements for the fiscal year ended March 31, 2019 and has met and held discussions with management and Ernst & Young LLP (“E&Y”), the Company’s independent registered public accountants. Management represented to the audit committee that Quotient’s consolidated financial statements for fiscal 2019 were prepared in accordance with accounting principles generally accepted in the United States of America, and the audit committee discussed the consolidated financial statements with E&Y. The audit committee also discussed with E&Y the matters required to be discussed by Statement on Auditing Standards No. 16, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380) as adopted by the Public Accounting Oversight Board in Rule 3200T.

The audit committee received the written disclosures and letter from E&Y required by the applicable requirements of the Public Company Accounting Oversight Board regarding E&Y’s communications with the audit committee concerning its independence, and the audit committee discussed with E&Y the accounting firm’s independence.

Based upon the audit committee’s discussions with management and E&Y and the audit committee’s review of the representation of management and the report of E&Y to the audit committee, the audit committee recommended to the Board that the audited consolidated financial statements be included in Quotient’s Annual Report on Form 10-K for the fiscal year ended March 31, 2019, filed with the SEC.

The audit committee also considered whether non-audit services provided by E&Y were compatible with maintaining their independence and concluded that such non-audit services did not affect their independence.

Respectfully submitted,

Frederick Hallsworth, Chair  
Thomas Bologna  
Brian McDonough  
Sarah O'Connor

**Independent Registered Public Accountants' Fees**

*Review of the Company's Audited Financial Statements for the Fiscal Years ended March 31, 2019 and 2018*

The audit committee approves Ernst & Young LLP's and its affiliates audit and non-audit services in advance as required under Sarbanes-Oxley and SEC rules. Before the commencement of each fiscal year, the audit committee appoints the independent auditor to perform audit services that we expect to be performed for the fiscal year and appoints the auditor to perform audit-related, tax and other permitted non-audit services. In addition, our audit committee approves the terms of the engagement letter to be entered into by us with the independent auditor. The audit committee has also delegated to its chairman the authority, from time to time, to pre-approve audit-related and non-audit services not prohibited by law to be performed our independent auditors and associated fees, provided that the chairman shall report any decisions to pre-approve such audit-related and non-audit services and fees to our full audit committee at its next regular meeting.

The table below sets forth the fees paid to Ernst & Young LLP over the past two years in connection with its work for us. All such audit, audit-related and tax services were pre-approved by the audit committee, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Fees billed by Ernst & Young LLP for the fiscal years ended March 31, 2019 and 2018 were as follows:

<b>Fees</b>	<b>2019</b>	<b>2018</b>
Audit fees (1)	\$ 316,000	\$ 280,000
Audit-related fees	132,000	120,000
Tax fees	10,140	8,580
All Other Fees (2)	113,000	64,500
<b>Total fees</b>	<b>\$ 571,140</b>	<b>\$ 473,080</b>

- (1) Fees billed for audit services in 2019 and 2018 consisted of audit of our annual financial statements, statutory audits; and services related to SEC matters.
- (2) Other fees billed in 2019 and 2018 mainly related to services related to the public offering of shares that we completed on December 11, 2018.

**APPOINTMENT OF AND PAYMENT TO AUDITORS (RESOLUTION 9)**

The audit committee of our Board has appointed Ernst & Young LLP as our auditors. As required by law, shareholders are requested to re-appoint Ernst & Young LLP as the Company's auditors for the period ending with the annual general meeting of the Company to be held in 2020. Shareholders are also requested to authorize the directors to determine the fees to be paid to the auditors. Shareholders are also requested to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for purposes of United States securities law reporting for the fiscal year ending March 31, 2020.

A representative of Ernst & Young LLP will be present at the Annual Meeting with the opportunity to make a statement if the firm desires and to respond to appropriate questions.

**The Board of Directors recommends a vote "FOR" the re-appointment of Ernst & Young LLP as our auditors, to ratify their appointment as our independent registered public accounting firm and to authorize the directors to determine the fees to be paid to the auditors.**

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information relating to the beneficial ownership of our ordinary shares as of July 25, 2019 for:

- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our outstanding ordinary shares;
- each of our directors;
- each of our executive officers; and
- all directors and executive officers as a group.

Beneficial ownership is determined in accordance with SEC rules. In general, under these rules a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise has or shares voting power or investment power with respect to such security. A person is also deemed to be a beneficial owner of a security if that person has the right to acquire beneficial ownership of such security within 60 days of July 25, 2019. Except as otherwise indicated, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all ordinary shares held by that person.

Ordinary shares that a person has the right to acquire within 60 days of July 25, 2019 are deemed outstanding for purposes of computing the percentage ownership of such person's holdings, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. The beneficial ownership percentage of each shareholder is calculated on the basis of 66,230,144 ordinary shares outstanding as of July 25, 2019.

Except as indicated in footnotes to this table, we believe that the shareholders named in this table have sole voting and investment power with respect to all ordinary shares shown to be beneficially owned by them, based on information provided to us by such shareholders.

Unless otherwise indicated below, the address for each beneficial owner listed is c/o Quotient Limited, 28 Esplanade, St Helier, JE2 3QA, Jersey, Channel Islands.
